

Progress Reports – WS20/21

Location: Video conference

Time: 16.15 – 17.15

Date	Speaker	Title	Location
15.10.2020			
29.10.2020			
12.11.2020			
26.11.2020	Jacob Koch Simon Hoser	Mapping of Molecular Ether Lipid Species by LC–MS/MS (M. Keller) Nuclear intronic mitochondrial-derived tRNAs: Novel regulators of constitutive and alternative splicing (A. Hüttenhofer)	Video conference
10.12.2020	Thomas Trafoier Clemens Engler	CRISPR-Cas9n mediated gene therapy development for EPPK (M. Schmuth) Identification and characterization of two novel, hypobetalipoproteinemia causing mutations in the ApoB gene: A pilot study (C. Ebenbichler)	Video conference
14.01.2021	Maria Kompatscher	An attempt to understand the relationship between tRNA sequence, modifications and decoding (M. Erlacher)	Video conference
27.01.2021			

Progress Reports – SS21

Location: Video conference

Time: 16.15 – 17.15

Date	Speaker	Title	Location
04.03.2021	Verena Vogl	Clonal hematopoiesis of indeterminate Potential (CHIP): Interaction of genetics, epigenetics and inflammation in inflammatory disease (J. Zschocke)	Video conference
	Simon Schwendinger	Methylation Array Analysis for Disease Classification and Treatment Response Prediction in Malignant Neoplasms (J. Zschocke)	
18.03.2021	Isabel Delazer	5-methylcytosine in mRNA: its deposition and function (A. Lusser)	Video conference
15.04.2021	Silvia Di Maio	The cardiovascular risk factor Lipoprotein(a): studies from families to large populations (S. Coassin)	Video conference
22.04.2021			Video conference
06.05.2021	Gunda Schwaninger	Development and evaluation of population-based screening for monogenic and polygenic diseases. (J. Zschocke)	Video conference
20.05.2021	David Heimdörfer	Function of non-coding RNAs in neurodegenerative and neurodevelopmental disease. (A. Hüttenhofer)	Video conference
02.06.2021	Rebecca Grüneis	Genetic and functional characterization of mutations leading to extreme Lipoprotein(a) phenotypes (S. Coassin)	Video conference
	Johanna Framm	Defining the pathway resulting in nimtRNA mediated splicing increase (A. Hüttenhofer)	
17.06.2021	Katharina Lackner	The Impact of Alkylglycerol Monooxygenase (AGMO) on Adipocyte Differentiation (K. Watschinger)	Video conference
	Yvonne Wohlfarter	HSD10 - A Biochemical Hydra (M. Keller)
